

WILLS & ESTATE PLANNING

THE USE OF TRUSTS

Protect today, provide for tomorrow ♥

Trusts are a powerful estate planning tool that give you control over how, when and for whom your assets are used – even after you're gone.

They can protect your loved ones, reduce inheritance tax and provide for children or vulnerable beneficiaries in a secure way.

WHY USE A TRUST?

PROTECT YOUR LOVED ONES

Ensure your assets are used for their benefit and protected from creditors, divorce or financial mismanagement.

PROVIDE FOR YOUNG CHILDREN

Leave money in trust so it can be managed responsibly until they are older.

CARE FOR VULNERABLE BENEFICIARIES

A trust can provide long-term care and financial security for loved ones with additional needs.

POTENTIAL INHERITANCE TAX BENEFITS

Trusts can help reduce or delay Inheritance Tax, protecting more of your estate for your chosen beneficiaries.

CONTROL WHEN ASSETS ARE RECEIVED

Decide when and how beneficiaries receive their inheritance – not necessarily in one lump sum.

PRESERVE FAMILY ASSETS

Help keep assets within the family and provide for future generations.

COMMON TYPES OF TRUSTS

DISCRETIONARY TRUST

The trustees decide how and when to distribute income and capital among a class of beneficiaries.

LIFE INTEREST TRUST

Provides income (or the right to live in a property) to a beneficiary for their lifetime, with the remainder passing to others after their death.

TRUSTS FOR CHILDREN

Hold assets for children until a specified age or milestone, promoting responsible financial management.

VULNERABLE PERSON'S TRUST

Designed for those with additional needs to ensure they can receive means-tested benefits while still benefiting from the trust funds.

BEREAVEMENT TRUST

Provides financial support to eligible children following the death of a parent.

WHY CHOOSE ME?

- ✓ I take the time to understand your family, your wishes and your concerns.
- ✓ I provide clear, practical advice in plain English.
- ✓ I have advanced legal knowledge and specialist training in Will Writing, Trusts and Estate Planning.
