THE WILL PROCESS – STEP BY STEP

1

INITIAL CONTACT

Get in touch by phone, email or website.

We'll have a friendly, no-obligation conversation about your needs, answer your questions and explain how I can help.

2

PRE-MEETING QUESTIONNAIRE

I'll send you a simple questionnaire to complete in your own time.

This helps me understand your situation before we meet, making our time together more focused and productive.

3

MEETING WITH YOU

We'll meet (at your home or via Microsoft Teams) to go through your wishes in detail.

I'll listen, advise and ensure your Will is tailored to your circumstances and goals. You can ask anything – there's no such thing as a silly question.

4

DRAFTING YOUR WILL

I'll carefully draft your Will with precision and care.

You'll receive your draft to review. I take the time to get it right – so it gives you and your loved ones complete peace of mind.

5

REVIEW & UNLIMITED DRAFT CHANGES

You review your draft and let me know if you'd like any changes.

I offer **unlimited draft changes** until you are 100% happy. Your Will should reflect your wishes – not a template.

6

SIGNING YOUR WILL

Once you're happy, we arrange a convenient time for you to sign.

I will ensure everything is correct and witnessed in line with the law, so your Will is legally valid and secure.
